		<p>Paragraph 605. On January 12, 2021, Gallagher tweeted "\$chnc bought this today!!" (he had actually bought the day prior). [Neither material nor fraudulently made]</p> <p>Paragraph 613: On January 19, 2021, Gallagher tweeted a misleading tweet: "\$chnc!! Who panic sold? Not me!!!" In reality, over the prior five days, Gallagher had sold over 55% of his holdings, undisclosed, while touting CHNC to his readers and followers.</p>	
CHNC (602-627)	\$46,900		612. This price increase occurred over the same period of time that Gallagher touted CHNC through his tweets, as described above, and the most recent corporate press release was dated November 14, 2018. DPLS (738-788)	\$87,400	<p>Paragraph 784: On July 17, 2021, Gallagher falsely tweeted, in response to another tweet: “\$dpls much respect! Buying more!” In fact, Gallagher’s last purchase of DPLS was on June 25, 2021 and he did not buy more shares of DPLS after this tweet.</p> <p>Paragraph 786: On July 19, 2021, Gallagher again tweeted a false statement that he had purchased more DPLS: “Got some cheap \$dpls. That’ll double, quick.”</p>	None.
DRNK (721-737)	\$42,400	Paragraph 733: On April 9, 2021, Gallagher again falsely tweeted, “I have not sold a share of \$drnk . . .”. This was false given that Gallagher had sold DRNK shares two days earlier.	None.

EHOS (821-838)	\$21,500	None.	<p>Paragraph 831. On February 9, 2020, the adjusted close of EHOS was \$0.0011 per share. 			Paragraph 953: On November 11, 2020, at about 4:05 p.m., Gallagher tweeted: “Alerts \$evus up 12% after”. This is understood to be Gallagher representing that his tweets and DMs raised EVUS’s share price 12%. At about 4:36 p.m., Gallagher tweeted a buy tout list with “\$evus charging”.

Yes, NASDAQ approved [] \$INND...Yes, \$INND is my #1 play right now.” Gallagher is understood to have used the phrase “NASDAQ approved” to entice his followers and readers to buy INND shares on his representation that INND would uplist to Nasdaq. This was misleading; INND is currently still traded on OTC Link and had not released a corporate press release announcing that it was “Nasdaq approved”.			
INND (1122-1139)	\$30,000		None.
INQD (1140-1156)	\$36,300	None. Dismissal in its entirety.	None.
			Paragraph 1175: Gallagher’s statement in his February 9, 2021 tweet: “\$ipwg up 53% alerted Alerts higher after alerted” is understood to be an admission by Gallagher that his February 9 tweet alerts caused IPWG’s price per share to rise 53%.

Gallagher, in fact, never entered a subsequent order to buy 105,000 shares of SPOM. Gallagher's after-the-fact disclosure of his sale —and characterization of it as a mistake— is understood as an attempt to mislead his readers and followers who may have seen his sale hit the tape.

None.

Paragraph 1554. On May 26, 2020, Gallagher also falsely tweeted: "...I'm not selling \$tlss . . . I'm holding well over 30 cents and then will only sell a bit to secure gains and hold for dollars . . .".

Gallagher's statement "holding well over 30 cents" is understood to be him representing he would be holding his shares until the price per share of TLSS was "well over 30 cents" and then sell "a bit" but hold his remaining shares until the share price was over \$1. At market close on May 26, 2020, TLSS was trading at \$0.15 per share.

Paragraph 1556. On May 27, 2020, from 12:25 p.m. through 3:53 p.m., Gallagher sold, undisclosed, 55,000 shares of TLSS, approximately 5% of his holdings of TLSS, at prices from \$0.2031 to \$0.243 per share.
